LOCAL POLICE SURPRISE GAMBLERS IN A GAME OF "DRAW"

OFFICERS RAID A GAMBLING HOUSE

Chief James A. Murphy and Men Find "Game" At 323 Fallowfield Avenue, And Arrest the Proprietor And the Players

SALTY FINE, PROPRIETOR

Assessed \$100 And Costs By the Burgess, On Charge of Conducting a Gambling Establishment, While Gamblers Were Fined \$10 And Costs

Chief of Police James A. Murphy, accompanied by Officers Thomas and Frantz, paid a visit to 323 Fallowfield avenue, yesterday afternoon, and discovered a full-fledged poker game in progress. As a consequence John Suell, Richard Stanley, Bob Carter, Charles Glenn, C. Gilbert and William Jackson, all colored, were taken to the Municipal building to wait until Burgess Tussing could give them a hearing. They were arraigned before his honor last night and Suell, the alleged proprietor of the establishment, was assessed \$100 and costs on a charge of conducting a gambling establishment, while Stanley, Carter, Glenn, Gilbert and Jackson were each assessed \$10 and costs on a charge of visiting a gambling house.

County Detectives Dismore and Cree, with State Policemen Kaval and Smith, accompanied by Chief of Police Murphy and Officers Thomas, Ross and Frantz, were out looking for some moonshining last night and felt sure they would get some on one of the boat houses anchored along the river bank near Second street. One of the boats belongs to Mike Spridick, who brought it here from Coraopolis. The other is owned by "Bill" Abel A thorough search was made, but the officers could find nothing. Considerable complaint has been made about boat houses in general, and it is the intention of the police to have them "clean house" or drift along with the current.

Erin Kostial, of Bentleyville, and Charles Glenn, of Charleroi, were before the Burgess charged with reckless driving. It appears that they were unable to control automobiles they were driving Sunday night and came together at Second street and McKean avenue. Both were given a fine of \$10 and costs, making \$12 each.

Howard Bennington was picked up by Officers Corey and Frantz at the water tank, near First street, and was fined \$5 and costs on a charge of being drunk.

IMPERSONATES COP; LANDS IN THE TOILS

After learning that Constable Mochally was visiting in New York City, Allen Van Sickle, a young man from the country, who gave his address as House No. 9, Gratztown, was in the act of earning some easy money late Sunday night when he was placed under arrest by Constable Mochally, and is now in Greensburg to await trial.

Van Sickle arrived in the Wretton district Sunday afternoon and inquired as to the whereabouts of Constable Mochally. Someone told him that the officer was on a visit to New York, and the Gratztown youth, learning of the recent visit of a Lig-onier constable to the district, thought he would take a chance of making easy money.

BABY CLINIC ON SATURDAY

From all indications the annual Baby Clinic to be held Saturday afternoon, October 4, from 2 to 5 o'clock, at the Elks club under the auspices of the Federated Women's club, will be an unbounded success. As an added attraction, the ladies will also hold a musical tea, to which all are invited. Cakes and home made candy will be placed on sale, the proceeds of which will be used to defray the expenses.

The mothers of Charleroi are urged to bring their babies at this time for examination. Desirable prizes will be awarded to the healthiest and prettiest baby appearing at the clinic. Mothers are kindly requested to bring baby blankets.

The addresses of the afternoon will be given by the Rev. F. C. Lauderdale, of Trinity church, Pittsburgh, and Miss Charlotte Forsythe of the Monessen department of the religious education. Each church, which is inclusive of St. Mary's of Charleroi, will carry a large banner denoting the school.

All roads will lead to Monongahela Sunday from Charleroi, and according to yesterday's outlook, practically the entire local membership of both the church school and the church will be in attendance. The children are to meet at the church at 2 o'clock, and from there will be conveyed to Monongahela in machines donated by the various parishioners. All those not going in machines will board the 2:10 street car.

CONSTABLE HURT AUTO ACCIDENT

Constable James E. Adams of Smith township, a well-known officer of the Burgettstown section, is in the Mercy hospital, Pittsburgh, suffering from serious face wounds as a result of an auto accident at Greensburg, near Indianapolis, Ind., on the National highway on September 23. He was taken to the hospital in the city of Pittsburgh by Deputy A. C. Harris of Smith township, who went to Greensburg as soon as he was informed of the accident. Mr. Adams was in the Columbia hospital there.

Officer Adams was out in that section on a business trip. At the time of the accident he was in a Dodge car, driven by another man. They had swung aside to pass an approaching car. This car did not clear the machine in which Mr. Adams was a passenger, but struck the rear of the car and threw it off the road. It turned over and Mr. Adams was caught under it and had a narrow escape from being crushed to death. His head was caught.

He suffered a fractured cheek bone, a fracture of the upper jaw and the loss of several teeth, a double fracture of the nose, and a fracture of the bone just below the right eye. His face was also badly cut and bruised. He was not hurt about the body. The driver was not hurt except slightly on one leg. In trying to get the car off Officer Adams he cut a finger severely on the broken windshield.

Slippery Road On Pike Detour Causes Of a Traffic Line-up

Slippery roads on account of the incessant rains of the past several hours, caused a serious tie-up of automobile traffic on the detour of the National pike between Glyde and Seenery Hill late Sunday afternoon and night. It is estimated that over 200 cars were held up on the road at one time.

A fleet of ten buses carrying approximately 200 passengers from Cleveland, O., to Hollywood, Fla., far of the worst. Five of the buses slid off into the ditch and it was hours before they were got out, the passengers having to spend the night in the cars.

BOXING SHOW OFF TONIGHT

The big boxing show, scheduled for tonight at the Baseball park, the last open-air bill of the season, was called off by the management and promoters today, account of the inclement weather conditions. The bill, which is a fine one, will be staged next week, Tuesday night at the ball park.

COMPROMISE WITH JAPAN SAVES THE PROTOCOL

Geneva, Sept. 30.—The League of Nations council has compromised with Japan and saved the protocol of arbitration and security.

Although it remained for the assembly to take definite action, league leaders indicated that a basis for ending the deadlock had been found in private conversations which were still in progress early today.

The issue—Japan's insistence that the league interfere in purely domestic affairs—has been settled in the latest amendment to the protocol which is to be made the foundation for world peace and security was declared unacceptable, the council was understood to have agreed to accept Ambassador Adami's first amendment, offered last week.

This amendment provides that the league council has the right to use conciliatory efforts, even after the Hague court has decided that a question in dispute is a domestic affair.

LOSERS OF THE SERIES TO BANQUET WINNERS

the series, and the banquet at the expense of the ice cream team, will be held at the Elks club tomorrow night at 8 o'clock.

Rep. Mitchell, manager of the local plant of the Cudaby Packing company, will probably be toastmaster, and it is expected that the flow of the affair, aside from the speaking and instrumental, will be that of the "cats" will be the products of both companies, which is sufficient guarantee that the banquet will be a great success from a gastronomic as well as a social standpoint.

Republican Headquarters Have Been Established On Second Floor of the Bank of Charleroi and Trust Company Building

HOUSE-WARMING FEATURE

Among the Representative Republicans Present Will Be the Hon. Henry W. Temple, Congressman From This District, J. E. Masters, And Others

Republican headquarters have been established on the second floor of the Bank of Charleroi and Trust Company building, Fallowfield avenue and Fifth street, with the formal opening tomorrow afternoon at 1 o'clock. In the afternoon and evening it is expected by Postmaster S. D. Hill, chairman of the local executive committee, and Mrs. V. P. Vieslet, who is vice chairman, that the headquarters will be visited by many ladies and gentlemen, of not only Charleroi, but North Charleroi, Roscoe, Speers, Dunlevy, and other points as well. Mrs. Vieslet will be at the headquarters considerably of her time from now on until election day, in the daytime, while Mr. Hill will be in charge at night. On tomorrow, those who have the right of franchise as apprentices to Charleroi and contiguous territory, are to be afforded the opportunity of greeting the Hon. Henry W. Temple, J. Edgar Masters, and others, of Washington, in what will be known in customary parlance as a "house-warming." The ladies of the community are particularly invited; while all voters, ladies as well as gentlemen, are urged to visit the headquarters, not only tomorrow, but at any time up to and inclusive of election day.

It is to be inferred that the voters, both ladies and gentlemen, will be pleased in the opportunity afforded of greeting the Hon. Henry W. Temple, congressman from this district, who has subjected his duties so capably in the interests of his constituents in this district, and who is fully in accord with the policies of President Calvin Coolidge. He will be here on Wednesday evening. It is anticipated that the majority of the ladies will visit the headquarters during the day, and they will find a warm welcome at the hands of Mrs. Vieslet, who is working industriously and giving of her time and talents in the interests of the Republican ticket, which is inclusive of the candidacies of not only the heads of the ticket, but that of the Hon. James T. Heffran, representative in the General Assembly, who is a candidate for re-election, and Claude S. Towner of Monongahela, who received the nomination in April.

WEATHER BUREAU PREDICTS FLOOD

Pittsburgh, Sept. 30.—As a result of heavy rain for 36 hours, a near flooding stage on the Allegheny and Monongahela rivers is expected by the weather bureau today.

Residents of homes in the lowlands have been warned.

Mauch Chunk, Pa., Sept. 30.—Two men are believed to have lost their lives here today when they were washed away by the swirling waters of a small creek that runs through Mauch Chunk, and down the Lehigh river, which is almost at flood stage following the heaviest rainfall ever recorded here.

The men, Henry Herman, contractor, and Lewis Mickhoff, his helper, were carried away while trying to save a concrete arch they had been building over the creek.

Heavy damage has been done by the storm in this section.

Harrisburg, Sept. 30.—One thousand feet of the Reading Railroad tracks through Clark's valley, were washed away this morning, when

BUYING WIVES ON CREDIT.
In happy pre-war days the average South African negro could readily procure the number of cows necessary for the purchase of a wife or of wives. But that world-rocking, struggle doubled the price demanded and now more cows are required than ever. Moreover, a "mysterious shortage in cattle" is reported, which further adds to the difficulties confronting the wife-seeker in that part of the world. How serious is the present situation may be gathered from a London dispatch of September 24, 1914.

"Many natives of Pondoland, South Africa, are likely to lose wives purchased on extended credit in the last three years, because they say they are unable to complete their payments. The purchase of wives on credit is not usually permitted among the natives, as there is too much inclination to return the wives in lieu of the purchase price but a matrimonial moratorium has been in effect during the period of mourning for the death of a paramount chief. This period is now over and natives who obtained wives on credit must pay up or return the women to their parental kraals."
There is nothing to indicate whether the "gods" thus bought on the installment plan are regarded as damaged when returned to the parental kraal in default of payment. If there can be a second sale for as many or almost as many cows as in the first place, obviously the damage is regarded as slight, if any. Accurate information on this interesting point appears to be lacking.

Judge—You are charged with being a deserter from your wife. Is this true?
Prisoner—No, judge, not a deserter; just a refugee.

She—When we get to Niagara, dear, let's try not to look as though we've just been married.
He—Good idea, darling. You carry the suitcase.

When the spirit moves you to invest, it may be well to go just a little further and investigate.

A MIXED ORDER.
The pretty girl who was sweet on the good-looking clerk got so flustered when he came to wait on her, she asked for a pound of "croda sackers." And he asked her "Backage or pork."

Lady—Have you been a tramp the greater part of your life?
Tramp—No, ma'am; I owned a life insurance agency in Germany before the war.
Usually, when a fellow gets to thinking, "I'm the big gun of this establishment," he gets fired.

Stern Mother—Why did you allow Mr. Swatters to kiss you in the sitting room last night?
Daughter—Because it was so cold in the entrance hall, mamma.

HOM-MADE CANDY.
(With apologies to James Whitcomb Riley)
And sometimes in the evening, when all the chores are done, And still it's kind of early, and we want to have some fun, And we're feeling "blunder hunsy" for something "sorter sweet," A good old-fashioned candy-pull was what we called a treat.

The women folks would fuss around with sugar, milk and dates, Vanilla, cocoa, walnuts, and pots and pans and plates, Of course we boys were useless when it came to making sweets, But always stood around and watched and waited for the "cats."

The candy that is made today, by modern factory ways, Don't hit the spot like homemade sweets of the bygone days, And it may be only fancy, yet they say the taste's the test, But the taffy that they let US pull was better than the rest

HORNSBY SETS TWO MARKS IN GREAT SEASON

Rogers Hornsby, Cardinal second baseman, yesterday took a place beside the greatest hitters in baseball history. In the season closed at St. Louis yesterday, Hornsby established two new records, one in batting average and the other in leading his league for the fifth consecutive season. Hornsby finished with 227 hits in 142 games, making a season's average of .42351, four points above George Sisler's record of two years ago. Sisler had an approximate .420 average, which tied Ty Cobb's record set in 1911, the high water mark of modern baseball.

The previous consecutive year batting record was held by Honus Wagner, who led his league four successive years. Between games yesterday the Cardinal slugger was presented with a silver bat and ball, known as the Dick Richards trophy, for leading his team in batting.

CALIFORNIA TO OPEN THE SEASON ON SATURDAY

California High school, which made a real bid for the championship of the Monongahela Valley last fall, losing only to Charleroi, which later was beaten by Donora in the final game of the season after California had won from Donora, will open its 1924 season on Saturday, by playing Monessen High school at California. Despite the loss of a large number of veterans, the California squad, which is being coached this year by "Bing" Miller, former Allegheny college half-back, looks formidable. "Bus", Edwards, regarded as one of the best school backs in the valley, is captain of the team. The California schedule is complete except for the Thanksgiving date fete, which is still open. The schedule follows
October 4—Monessen at California.
October 10—Homestead, at Homestead.
October 18—Donora, at Donora.
October 25 — Monongahela at California.
November 1—Permanently open.
November 7—Charleroi, at Charleroi.
November 14—Waynesburg, at California.
November 21—East Bethlehem, at California.
November 27— (Thanksgiving Day)—Open.

player was out in the ninth inning, and the victory of the Senators was assured, a crowd of 15,000 Boston fans cheered the visiting team as it came from the field. Clark Griffith, the veteran owner; Stanley Harris, the "boy manager," and Walter Johnson, famous pitching ace, who will take part in his first world's series after 18 years in the big league were applauded in turn.
Fred Marberry relief pitcher of the Senators, who held Boston scoreless for the last six innings, will be named the hero of this deciding game. He has acted as relief pitcher in all three games played in the Boston series and has worked in 50 games for Washington this season. Left-handed John Zachery was none too effective in the first three innings but Marberry stopped the Redsox.

After last week's showing, Saturday's game with Homestead should draw a banner crowd. The boys came through the Normal Reserve game in good shape and are eager for Saturday's fray. They surely did themselves honor, and judging from reports have gained the support and confidence of even the most pessimistic.

SALE OF SEASON

TICKETS TO BE
CONTINUED A WEEK

The sale of season tickets during the past week was surprisingly poor. Student tickets were about average but the patron's tickets sold to date has been away below average. Faculty Manager Copeland has decided to prolong the sale another week. Student tickets this week will sell at 75c and adults season tickets will sell at \$2.00 for the five remaining home games.

The team this year has delivered and there is no reason now for any timidity on the part of the team's supporters to get going and buy a season ticket. Undoubtedly many failed to purchase because they figured that the team might not live up to expectations. It will have to be admitted by anyone who saw them "come back" in the second half on Saturday afternoon that they look mighty promising, more so than last season at this time.

The best home games are yet to come, so save yourself some money and help the team by purchasing a season ticket. Charleroi High School's 1924 football squad is without exception the best equipped high school team in the Monongahela valley and athletic equipment costs money.

Tickets are still on sale at Geo. S. Night's Sons and Hennings Drug Store. Students may get theirs at the high school. The sale will be continued at the box office at the Ball Park on Saturday afternoon.

J. W. BERRYMAN & SON

The Humphrey
Radiantfire

What it will do---

It will flood your room with glowing radi-
ant heat in one minute after light-
ing.

If you are cold, chilly or wet, it will
warm and dry you in one minute.

It will give you the greatest joy and
comfort you ever had in your house.

If you are sick, it is better than a doc-
tor in your house.

It will save firing the furnace for two
months in the fall and spring.

It will save a ton of coal a month in the
winter time.

You can run it two days for the cost of
lighting the furnace once.

It burns ordinary City Gas, and costs
three cents an hour to run—using
natural gas less than a cent an hour.

It will give you 4 to 8 times more heat
than any other Gas fire.

It is absolutely and positively odorless.
Without dust, dirt or ashes.

Why it does it--

Because of the high flame temperature
and intensified combustion made possi-
ble by our wonderful new safety burner.

Because this heat coming in contact with
lace-like Heating elements becomes fur-
ther intensified, making them glow and
become intensely hot.

Because this incandescent mass throws out
pure Radiant Heat waves all over the
lower part of the room, warming you in-
stantly.

Because of these things there are no un-

burnt gases, therefore, no odor, and a
perfect Hygienic fire and wonderful for
a sick room.

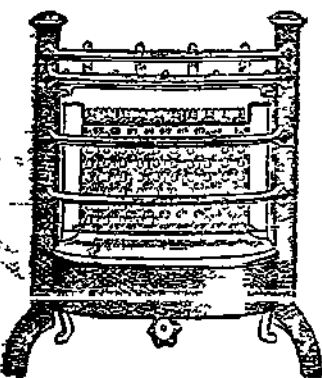

Because of these things it is the most won-
derful heating appliance in the world.

No Dirt. No Ashes. No Noise. No Bothers.

Perfect Safety, Ever Ready

Be sure to ask for the Genuine HUMPH-
REY RADIANTFIRE with the SUPER
COMBUSTION BURNER.

If it isn't a Humphrey, it isn't a Radiant-
fire.

LEARN TO KNOW
THE MEANING
OF FATIGUE

"If someone were to tell you seri-
ously that you did not know when
you were tired you no doubt would
be inclined to receive this piece of
information in much the same spirit,
as though you had been told that
you did not know enough to come in
out of the rain; yet physicians so fre-
quently encounter an inability on the
part of their patients to recognize
the symptoms of fatigue, that it may
be worth while to pause here for a
few moments and consider the phen-
omenon. Fatigue visits the human
race in various and sundry guises.
"The blues," "a grouch," "nervous-
ness," "headaches," "dizziness," "faint-
ness," and many other diverse sen-
sations of discomfort may be due to
fatigue. Strangely enough fatigue
fills some people with nervous energy,
so that the more tired they become,
the less they can be persuaded to
rest.

Then too, we find those who know
they are tired, but who, through poor
management or laziness, fail to se-

of course in some cases fatigue is a
symptom of some organic disease
which requires the care of a physi-
cian; for the great majority of us,
however, the problem is easily solved.
First, learn to recognize the symp-
toms of fatigue, then see to it that
you get enough rest to prevent these
symptoms from appearing. If the rest
you get is not enough, you will ac-
quire the habit of lying down during the day,
preferably after lunch. If fatigue
still makes its appearance, your rest-
ing hours will have to be increased or
your activities will have to be de-
creased, or both. These are the prin-
ciples by which fatigue may be mas-
tered. To put these principles into
action is an art which requires watch-
fulness, care and planning, but when
mastered, it is an art which has in-
creased the efficiency and success of
many a busy man and woman, and
saved many another from a nervous
"breakdown."

What Is The
Neurocalometer?

It is a scientific in-
strument for register-
ing heat generated by
nerve impingement. It
picks, locates and pro-
ves the exact points of in-
terference with the
transmission of mental
impulses. Locates the
exact cause of your dis-
ease regardless of what
it is.
